### Section 6. Accidental Release Measures

- **Personal Precautions:** Avoid breathing fumes. Ensure adequate ventilation. Remove all sources of ignition. Evacuate personnel to safety. Vapor can accumulate to form explosive concentrations especially in low areas.
- **Environmental Precautions:** Avoid discharge into the environment by preventing the product from entering sewer drains or storm drains.
- **Methods for Cleaning Up Spills:** Use noncombustible absorbent material such as vermiculite or sand to absorb the spill. After the absorbent is dry dispose of it in accordance with local regulations.

### Section 7. Handling and Storage

The container should be stored in a cool, dry place away from sources of ignition (sparks, flame, etc.). Avoid areas where static charge can build which could ignite the product (carpet). Store this product away from strong oxidizing agents.

### Section 8. Exposure Control Personal Protection

- **Respiratory:** Use full face respirator that is for organic vapors and is properly fitted to the end user if the product is used where ventilation is unavailable. Self-contained breathing apparatus or a suitable exhaust hood are recommended.
- **Hand Protection:** Use protective gloves.
- **Eye Protection:** Safety glasses.
- **Hygiene Measures:** Practice good industrial hygiene and safety by washing hands thoroughly with soap and water after using this product.
