

## ProAcquire

(Product ID: OMS-30a)

OMS ProAcquire is a software interface for ISSI cameras for data acquisition. ProAcquire is a simple, easy to use interface that operates with both monochrome and color CCD cameras supplied by ISSI. A single-camera version and multi-camera version are available. The multi-camera platform incorporates multiple cameras of subsystems into a single user interface and gives control of cameras and other acquisition hardware to the system operator.
